Dear Members,

I am grateful for the opportunity to serve and give back to the profession! Thank you for joining LACSW to continue our life long mission of advocating and protecting the profession.

As you may or may not know, there have been many social and political issues surrounding the credibility of the profession. Thank you for being a part of the journey to protect and impact the profession. I would like to express gratitude to those who have served on the Board before me and also to our members for the impact you have made for social workers. With that being said, present and future members, we have work to do!

Giving back is one way to express gratitude to those, who for many years have strived to protect matters concerning social workers. Getting involved is another way to express gratitude! There is no greater return than investing to protect what you love and your life long calling.

Thank you for continuing the journey and laboring without wavering. The fruits of your labor will go down in history and spring forth a forever harvest. Surely Louisiana social workers are the cream of the crop. Let's continue to model standards that make our ancestors proud.

Grace and peace be with you,
